Re.: **LETTER OF REFERENCE**

It gives me great pleasure to recommend LIP Trade Ltd as a decent and promising partner.

Consortium "COWI-KEO-STROL" has worked with LIP Trade since 1<sup>st</sup> November 2004.

In that time, they provided us with excellent IT support for the whole computer equipment and periphery. LIP Trade Ltd has always responded to all our computer problems fast and vocationally. The computer problems have been solved without delay.

I recommend them for their sphere of business as an excellent partner.
